

# Bicton C.E. Primary School and Nursery

*Learning for a Lifetime*

## **SAFEGUARDING AND CHILD PROTECTION POLICY**

### **Our Vision**

**We nurture and inspire all children in our care to flourish and develop a lifelong love of learning, becoming the best they can be.**

**We provide an enriching and engaging curriculum, equipping children with the resilience, confidence and independence needed for our ever-changing world. Spiritual, moral, social and cultural development will be at our heart.**

***John 10:10 Jesus said, "I have come that they may have life and have it to the full."***

# A STATEMENT OF POLICY

## Safeguarding and Child Protection

The following policy is based on LA guidance and should be read in conjunction with other relevant policies and the school prospectus.

Date: September 2024

Policy reviewed	August 2024	J Ball (Executive Headteacher)
Date approved by Governing Body	To be ratified at Full Governors Autumn 2024	
Next review date	August 2025

## Policy Scope and Aims

This policy applies to anyone working on behalf of Bicton C of E Primary School, senior managers and the governing body, staff, volunteers, contractors, agency staff and students.

The policy is publicly available on the school website (or on request from the school offices) so that it can be accessible for our children; their families and anyone visiting and /or working with us.

The policy aims to meet the requirements as outlined in Part 2 Keeping Children Safe in Education 2024.

## Safeguarding Statement

We believe that:

- All children have the right to protection from all types of abuse, neglect and exploitation.
- Everyone has a responsibility to promote the welfare of all children and young people, to keep them safe and to practice in a way that protects them.

This means that we will:

- Not tolerate the abuse, neglect or exploitation of children. This includes never accepting and always challenging or raising concerns about words or actions which downplay, justify, or promote abuse, neglect and exploitation. This applies to anyone who is part of, comes into or works with our school.
- Be child centred <sup>1</sup>and ensure that we consider the best interests of children in everything that we do. This includes ensuring that we enable children's voices and experiences to be heard (using communication tools and advocacy if necessary); and that children are involved in and informed about the decisions being made about them.
- Ensure we provide a safe environment for children to learn, grow and develop and feel able to raise any concerns they may have for themselves or others.
- Look out for and respond promptly and appropriately to all identified concerns, incidents or allegations of abuse, neglect or exploitation of a child.
- Ensure no child or group of children are treated less favourably by us than others.
- Be aware of and take extra positive actions that may be needed to safeguard and promote the welfare of a child(ren) who we know are more vulnerable to experiencing abuse, neglect, exploitation or discrimination.
- Work in partnership with our children, their parents, carers, and other agencies.

## Key Terms

**Safeguarding** and promoting the welfare of children is defined in Working Together to Safeguard Children 2023 as:

- providing help and support to meet the needs of children as soon as problems emerge
- protecting children from maltreatment, whether this is within or outside of the home, including online.
- preventing impairment of children's mental and physical health or development,
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- promoting the upbringing of children with their birth parents, or otherwise their family network through a kinship care arrangement, whenever possible and where this is in the best interests of the children; and
- taking action to enable all children to have the best outcomes<sup>2</sup>:
  - Outcome 1: children, young people and families stay together and get the help they need
  - Outcome 2: children and young people are supported by their family network

---

<sup>1</sup> See [Working Together to Safeguard Children: Chapter 1: A child centred approach](#)

<sup>2</sup> [Children's social care: national framework - GOV.UK \(www.gov.uk\)](#)

- Outcome 3: children and young people are safe in and outside of their homes
- Outcome 4: children in care and care leavers have stable, loving homes.

**Child Protection** is a part of safeguarding and promoting welfare. It refers to the specific activity that is undertaken to protect specific children who are suspected to be suffering, or are likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.

**Abuse** is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm.

Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear, or experiences its effects-

Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others.

Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.

There are a number of types of abuse and safeguarding issues that could increase the risk that a child could be abused. These are further defined and explained in Part 1, Part 5 and Annex B of Keeping Children Safe in Education 2024.

**Staff** refers to all those working for or on behalf of the school, full or part time, temporary or permanent in either a paid or voluntary capacity. The exception to this term is Governors/Trustees.

**Governors/Trustees** refers to those who are part of the School's Governing Body. This includes individuals who are at Trust or Charity governing body level as well as part of local school governance bodies.

**Child** includes everyone under the age of 18.

A **Parent** refers to birth parents and others who have parental responsibility (as defined by the Children's Act 1989) or has care of a child.<sup>3</sup>

## Legislation, Standards and Guidance

This policy is based on the following legislation, guidance, standards, and procedures:

Legislation	Statutory National Guidance/Standards	Local Procedures
<ul style="list-style-type: none"> <li>• <a href="#"><u>Education Act 2002 Section 175 (maintained schools only)</u></a></li> <li>• <a href="#"><u>Children Act 2004</u></a></li> <li>• <a href="#"><u>The Education (Independent School Standards) (England) Regulations 2003</u></a></li> <li>• <a href="#"><u>Children Act 2004</u></a></li> </ul>	<ul style="list-style-type: none"> <li>• <a href="#"><u>Keeping Children Safe in Education</u></a> and any legislation or guidance (statutory/non-statutory) outlined or referenced within it.</li> <li>• <a href="#"><u>Early years foundation stage (EYFS) statutory framework</u></a></li> <li>• <a href="#"><u>Working Together to Safeguard Children</u></a> and any legislation or guidance (statutory or non-statutory) outlined or referenced within it.</li> </ul>	<ul style="list-style-type: none"> <li>• <a href="#"><u>West Midlands Safeguarding Children Procedures</u></a></li> <li>• <a href="#"><u>Shropshire Safeguarding Community Partnership (SSCP) Childrens Threshold Document</u></a></li> <li>• <a href="#"><u>Shropshire Safeguarding Community Partnership Allegations about staff/volunteers protocol</u></a></li> <li>• <a href="#"><u>Shropshire Schools Operation Encompass Protocol</u></a></li> </ul>

## Roles and Responsibilities

We follow the statutory guidance as set out in the latest Keeping Children Safe in Education (and associated documents and guidance); adhering to the roles and responsibilities and expectations identified for:

### The Governing Body:

Have a strategic leadership responsibility for ensuring we take a whole school approach to safeguarding arrangements as outlined in this policy and that we comply with our duties under [Legislation and Guidance](#). Part 2 Keeping Children Safe in Education outlines their key responsibilities.

The Safeguarding Governor is responsible for leading on the governance oversight of safeguarding arrangements; regularly meeting with the Designated Safeguarding Lead (termly) and reporting back to the Governing Body through presentation of their link visit report..

The Chair of the Governing Body will liaise with the Local Authority in the event of an allegation of abuse made against the Executive Headteacher in line with [Ensuring safe staff](#) (below).

All Governors will ensure:

- The school has a Designated Safeguarding Lead who has the appropriate status and authority to carry out duties of the post and is provided with the time, funding, resources, and support needed to carry out their role effectively.
- The school has safeguarding policies and procedures in place (as outlined in Part 2 Keeping Children Safe in Education) that are implemented effectively and comply with our duties under [Legislation, Standards and Guidance](#) at all times.
- All staff and governors are knowledgeable and confident in carrying out their safeguarding duties in line with [Professional development and support](#).
- That the effectiveness and implementation of safeguarding arrangements are robustly overseen by the Governing Body through link governor visits, governor training in safeguarding, staff training, monitoring through all link governor visits and committee meetings as well as ensuring safeguarding is covered at each full governors meeting.

### The Executive Headteacher:

Is responsible (as the Designated Safeguarding Lead) for ensuring safeguarding arrangements are implemented effectively in school.

This includes:

- Having the overarching responsibility of ensuring the effectiveness of our school safeguarding arrangements as outlined in this policy.
- Being accountable and reporting to the Governing Body (with the support of the Deputy Designated Safeguarding Leads) on the effectiveness of school safeguarding arrangements.
- Supporting and promoting a whole school safeguarding culture and ethos as outlined in our [Safeguarding Statement](#). This includes ensuring that the Senior Leadership Team work effectively together and with the Designated Safeguarding Lead, to ensure a whole school approach to safeguarding.
- Take the lead role in [Ensuring Safe Practice](#); including ensuring staff are knowledgeable and confident in their safeguarding practice; including making sure that their practice is in line with national and local requirements. The Executive Headteacher is also the lead person responsible for receiving, managing, and referring to/liasing with the Local Authority Designated Officer (with the support of the Designated Safeguarding Lead) or any other authorities regarding allegations of abuse made against staff or other organisations/individual who use school premises.
- Enabling the Designated Safeguarding Lead and any deputy(ies) to carry out their roles effectively. This means ensuring they are given sufficient time, training, support, resources, including cover arrangements where necessary.
- Ensuring that all school policies including safeguarding policies and procedures and those required to be in place, are implemented and followed by all staff.

### **The Designated Safeguarding Lead (DSL):**

Takes the lead responsibility for safeguarding and child protection in our school. Annex C Keeping Children Safe in Education 2024 outlines their key responsibilities. Our Deputy Designated Safeguarding Lead(s) (hereafter referred to as DDSL) support the Designated Safeguarding Lead in the discharge of their responsibilities.

Responsibilities include:

- Ensuring that the school has a child protection policy in place as required by Keeping Children Safe in Education, that is implemented and followed by all staff.
- Being available to deal with safeguarding and child protection during school hours. During out of school hours, all staff have a contact number for the DSL. Shropshire Council have personal numbers for the DSL should they require contact for emergencies during holiday time.
- Acting as the point of contact with whom to raise safeguarding concerns within (including those raised by the school filtering and monitoring system) and to our school.
- Supporting the Executive Headteacher to [Ensure Safe Practice](#) in school.
- Managing safeguarding referrals to the Local Authority; Police and any other statutory authorities or multi-agency risk management arrangements (see [Designated Safeguarding Lead Response](#)).
- Working closely with the Governing Body, Executive Headteacher and relevant senior leadership team members to ensure a whole school safeguarding culture and ethos as outlined in our [Safeguarding Statement](#) and the implementation of effective safeguarding arrangements, as outlined in this policy.
- Acting as the point of contact to and proactively engaging with the Shropshire Safeguarding Community Partnership arrangements as outlined in [Working in Partnership](#).
- Ensuring children and parents are aware of how and encouraged to raise safeguarding concerns and how they will be responded to as outlined in [Working in Partnership](#).
- Act as a source of support, advice, and expertise to all staff; including ensuring that there is ongoing promotion and awareness of safeguarding and children protection in school.
- Ensuring the effective management and oversight of safeguarding information as outlined in [Record Keeping and Information Security](#).
- Maintaining and access [Professional development and support](#).

### **All staff (including students and volunteers):**

Are expected to work in line with our [Safeguarding Statement](#) and adhere to the policies, processes and systems that support safeguarding as outlined in this policy. This specifically includes:

- Accessing and maintaining [Professional development and support](#) to ensure they remain knowledgeable and confident in their safeguarding practice.
- Recognise, Respond and Report [Staff Safeguarding Concerns](#)
- Engaging in [Safe Practice](#). This includes raising concerns (however small) about individual behaviour or practices or cultures in schools that compromise the safety of children as outlined in [Ensuring safe staff](#).
- [Teaching our children how to keep safe](#)

## Professional development and support

To ensure all our staff and governors are knowledgeable and confident in keeping children safe in our school; they will complete the professional development activities as outlined below. We monitor professional development activities and maintain a central professional development record.

The Designated Safeguarding Lead and Deputy Designated Safeguarding Leads provide all staff with ongoing safeguarding support, advice, and expertise. Staff safeguarding knowledge and competence is overseen as part of the staff induction, appraisal, and performance processes in school as well as through CPOMS training and updates. The Designated Safeguarding Lead (and deputies) receive regular support and supervision from line managers and peer Headteachers.

### All Staff (including volunteers)

Activity	Frequency
Receive information on school safeguarding arrangements and procedures as outlined in KCSiE 2024 (Part 1: pages 8-9, paragraph 11).	Induction or when arrangements/procedures are updated.
Read <a href="#">Keeping Children Safe in Education</a> (KCSiE): <ul style="list-style-type: none"> <li>• <b>All Staff:</b> Part 1; Part 5 and Annex B.</li> <li>• <b>Senior Leadership Team:</b> Entire document</li> <li>• <b>Staff who do not work directly with children:</b> Annex A</li> </ul>	Induction then annually (in Autumn Term) or when updated.
Complete Safeguarding Awareness Training to enable staff to <a href="#">recognise, respond to and report safeguarding (including online safety and child-on-child abuse) concerns</a> <a href="#">Early Years and Schools Training and Consultancies   Shropshire Learning Gateway</a> )	Induction and then every 3 years
Teaching staff only: Complete FGM training appropriate to role (see <i>Local Authority Safeguarding in Education Training Statement at: <a href="#">Early Years and Schools Training and Consultancies   Shropshire Learning Gateway</a></i> )	Induction and then every 3 years
Complete Prevent Awareness Training appropriate to role (see <a href="#">The Prevent duty: safeguarding learners vulnerable to radicalisation - GOV.UK (www.gov.uk)</a> )	Induction and every 2 years.
Complete Cyber Security Training: <a href="#">Cyber security training for school staff - NCSC.GOV.UK</a> )	Induction and then annually
Receive regular national and local safeguarding updates (including those relating to online safety).	As required – updates shared at termly meetings with all staff.

### Designated Safeguarding Leads (including any deputies)

Activity (in addition to all staff above)	Frequency
Complete Schools Designated Safeguarding Lead Training to a standard as outlined in KCSiE Annex C	On induction in role and then every 2 years
Read <a href="#">Keeping Children Safe in Education</a> in its entirety.	Induction into role then annually (in Autumn Term) or when updated.

Maintain knowledge and development relating to the role of DSL	As required, but at least annually
The DSL is also trained in Graduated Care Profile (GCP 2) neglect strategy, Early Help, Brook Traffic Light Tool use. Deputies receive training on the Early Help system and Brook Traffic Light tool use.	

### All Governors

Activity	Frequency
Complete Governor Safeguarding Training to equip them with the knowledge to carry out their strategic <a href="#">Roles and Responsibilities</a> .	Induction and then every 3 years.
Read <a href="#">Keeping Children Safe in Education</a> <ul style="list-style-type: none"> <li>• <b>All Governors:</b> Part 1; Part 2 and Annex B.</li> <li>• <b>Chair &amp; Safeguarding Link Governors:</b> Entire document</li> </ul>	Induction into role then annually (in Autumn Term) or when updated).
Complete Cyber Security Training -training packages <a href="#">Cyber security training for school staff - NCSC.GOV.UK</a>	Induction and then annually
Complete Prevent Awareness Training appropriate to role: <a href="#">The Prevent duty: safeguarding learners vulnerable to radicalisation - GOV.UK (www.gov.uk)</a>	Induction and every 2 years.

### Staff/Governors involved in recruitment of staff (including administration)

Activity (in addition to other relevant above)	Frequency
Read Part 3: <a href="#">Keeping Children Safe in Education</a>	Induction into role then annually (in Autumn Term) or when updated.
Complete appropriate safer recruitment training (that is in alignment with Part 3 KCSiE)	Induction and every 3 years (or when KCSiE Part 3 is updated)

## Ensuring Safe Practice

### Safer recruitment

We adopt robust recruitment procedures that deter and prevent people who are unsuitable to work with children from applying for or securing employment or volunteering opportunities in our setting. All staff/governors involved in recruitment complete additional safer recruitment training; as outlined in [Professional development and support](#). Our recruitment procedures are outlined in our Safer Recruitment Policy and are in alignment with Keeping Children Safe in Education 2024: Part 3.

As part of our recruitment and selection processes; we ensure that our commitment to safeguarding and promoting the welfare of children is evident to candidates throughout each stage of the process; with any candidate who is not suitable to work with children being deterred and identified at the earliest point. This policy is included in the application information for candidates. We also ensure that all applicants complete a robust application form. We seek suitable references and carry out online social media checks prior to interview; as well as ensure that there is a focus on the candidate's knowledge and competency in safeguarding practice as part of the interview processes.

In accordance with Keeping Children Safe in Education 2024: Part 3; we maintain a record of information we have received to confirm the necessary pre-appointment safer recruitment checks are completed on staff (including volunteers, supply staff and students); Governors/Trustees; [contractors](#); and [visitors](#) who attend our school in a professional capacity. We complete the checks on staff, volunteers, and Governors who we recruit ourselves. For those who are recruited by others; we ensure that we receive written confirmation of the relevant checks completed and check their identification before they are allowed to work unsupervised or engage in regulated activity with children.

Where we do not have all the necessary information or there are gaps in the information; we have robust risk assessment processes in place to ensure that anyone who does not meet the required standards of pre-appointment checks or suitability does not work unsupervised or engage in regulated activity with

children. We reserve the right to refuse access to the school site any person who we are not assured is safe to work or engage in regulated activity with children.

On appointment; staff (including volunteers) receive a robust induction programme which provides them with the relevant safeguarding knowledge but also clarity on the expected standards of behaviour within and outside of school. Please see [Professional development and support](#).

If any safeguarding concerns of allegations arise relating to a member of staff, Governor or other person working on our school premises; staff are expected to act in line with [Ensuring safe staff](#) and [Staff Safeguarding Concerns: Recognise, Respond, Report](#).

## **Contractors**

We have several contracts with external providers to work in our school including with children. We ensure that we receive written confirmation of the relevant checks completed and check their identification before they are allowed to work unsupervised or engage in regulated activity with children. We also check their affiliation to recognised professional bodies (eg speech and language specialists) if relevant.

## **Visitors**

We have procedures for recording the details and confirming the identity of visitors, including prospective candidates. We ensure that we have control over who comes into the premises so that no unauthorised person has unsupervised access to children. All visitors sign in at the front desk and follow an identification system. Our visitors policy is shared with visitors (by the school Office Manager) and details who to raise concerns with should a visitor have safeguarding concerns. All visitors to our school are expected to act in accordance with our [Safeguarding Statement](#).

When external speakers or visitors attend our school premises (whether for school or [non-school activities](#)); we conduct due diligence checks to ensure that their views and delivery of material continues to ensure our school is a safe place. This continues to ensure we are [Teaching our children how to keep safe](#); as well as promoting fundamental British Values and community cohesion (please also see [Preventing Radicalisation](#)).

## **Use of school premises for non-school activities**

When we have arranged extra-curricular activities out of school hours which are under the direct supervision or management by school staff, this safeguarding policy is to be followed and any concerns should be managed in accordance with [Staff Safeguarding Concerns: Recognise, Respond, Report](#) and [Designated Safeguarding Lead Response](#).

We will follow our [Ensuring safe staff](#) procedures if we become aware of any allegations relating to an organisation or individual using our school premises.

Where we have sessions or activities which are provided by another person or organisation that is using the school site and not during school time or under direct supervision, we seek assurances that they have the required child safeguarding arrangements in place as an individual/organisation as outlined in [Keeping children safe during community activities](#) and [Visitors](#). This is regardless of whether children who are on roll at our school access the activity or not.

The arrangements for this will be set out within any transfer of control agreement, (i.e. lease or hire agreement); and failure to comply with these arrangements will lead to termination of the agreement.

## **Ensuring safe staff**

### **Managing allegations (including low level concerns)**

We promote an open and transparent culture in which all concerns about the behaviour or conduct of any adults working in, at or on behalf the school are dealt with appropriately.

There are two levels of allegations / concerns:

### **1. Allegations that may meet the harm threshold.**

Circumstances where a someone working within the school has or may have:

- behaved in a way that have harmed a child, or may have harmed a child and/or
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates that they would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children. This includes any behaviour that may have occurred outside of the school that could pose a transferable risk.

Allegations that someone that working in, at or on behalf the school has met the harm threshold should be immediately referred to the Executive Headteacher in person. Staff may be required to provide a written statement at the request of the Executive Headteacher.

If the allegation relates to the Executive Headteacher; this should be immediately verbally reported to the Chair of Governors.

If there is any conflict of interest or immediate risk of harm to a child or; then the person with the concern must ensure [Immediate safety](#) and contact the Local Authority Designated Officer in accordance with [Shropshire Safeguarding Community Partnership Managing Allegations Procedures](#).

In most cases; the Executive Headteacher (or the Chair of Governors, if applicable) will lead on managing allegations; with the support of the Human Resources Department and the Designated Safeguarding Lead. This will be carried out with reference to a Managing Allegations Policy. They will ensure that Part 4 Keeping Children Safe in Education 2024 and [Shropshire Safeguarding Community Partnership Managing Allegations Procedures](#). are applied. Any allegations that meet the above criteria will be referred to the Local Authority Designated Officer within 1 working day and we will follow their advice and guidance.

Where relevant, we will notify OFSTED as soon as reasonably practical and within 14 days of the allegation first being made, informing them of action taken by completing the online form - [Report-a-serious-childcare-incident](#) .

It is essential that any allegations of abuse against a member of staff are dealt with quickly, in a fairly and consistent way to effectively safeguard all those involved.

We also have a duty of care towards our staff, and we will provide a named contact for the staff member.

If necessary, we will adhere to our legal reporting duties (such as referring to the Disclosure and Barring Service or Teaching Regulation Agency) as employers as outlined in Part 3 Keeping Children Safe in Education if the criteria for such reporting is met.

## **2. Allegations / concerns that do not meet the harms threshold (Low level concerns).**

The term low level does not mean that these concerns are insignificant. A low-level concern is when staff or volunteer may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work. Our staff code of conduct outlines examples of what could be considered a low-level concern;
- Does not meet the harm threshold at point 1 above.

Low level concerns should be reported in person to the DSL/ Executive Headteacher; to embed our culture of openness and transparency. To ensure that our school's values and expected behaviours are lived, monitored, and reinforced by all staff.

The Executive Headteacher will decide the outcome of all low-level concerns (in consultation with the Deputy Designated Safeguarding Lead if necessary) raised in line with our low-level concerns, staff code of conduct, disciplinary policies. Consideration will be given to whether there is a pattern of behaviour by the individual; or if there is a wider school culture issue and if policies need to be revised, or if all staff guidance or additional staff training is required.

## Whistle Blowing

Whistleblowing is the mechanism by which staff can raise concerns about poor or unsafe practice, wrongdoing and/or potential failures in the school's arrangements in good faith without fear of repercussions. All staff have a duty to raise concerns about malpractice or wrongdoing where this is impacting on the safety and welfare of children.

If staff have such concerns; these should be raised to DSL/Executive Headteacher – see the school whistleblowing policy and procedure.

If staff feel unable to raise concerns with the school directly; they can contact [NSPCC Whistleblowing Advice Line](#).

## Record Keeping and Information Security

We have a legal duty to act in line with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR). We have data protection processes in place to ensure that we keep and process (manage) personal information about children, their families; staff and others safely and lawfully. This includes:

- Securely manage electronically held information in line with [Meeting digital and technology standards in schools and colleges](#) and [Early Years practitioners: using cyber security to protect your settings - NCSC.GOV.UK](#) (see also [Online Safety](#))
- Manage requests for access to personal information we hold (known as subject access requests).

Details of our processes and how to request access to personal information we hold are outlined in our GDPR policy.

## Storage and management of safeguarding information (child protection files)

Safeguarding [concerns](#) and [responses](#) for individual children are kept in a child protection file – this is electronic in most cases. Paper copies are only held where records were made on paper at the time. Child Protection files are stored individually for each child and are separate to a child's main pupil file. The Designated Safeguarding Lead is responsible for ensuring the quality, maintenance, and management of child protection files; as well as using the system to monitor themes and patterns of concern to inform and continue to improve the whole school approach to safeguarding. Any paper records will be stored in a separate confidential file in a locked cabinet. Our main files are stored electronically on a secure CPOMs system which has restricted password access according to job role and responsibilities

## Sharing safeguarding information with others

We are proactive in sharing information with each other and others who are working with our children and their families as early as possible; so that children can receive the help and support they need; respond to any safeguarding concerns and where possible prevent abuse, neglect and exploitation.

Staff are expected to share information with one another as part of their work in school about the needs and risks of children on a need-to know basis in line with our [Safeguarding Statement](#) so that we keep children safe and promote their welfare. They are not permitted to share information with friends, family, or anyone in the local community outside of their work.

## Sharing information with other organisations

Staff should be familiar with and use [Information sharing advice for safeguarding practitioners](#).

As part of our [work in partnership](#) with parents and children; consent to share their information with others outside of school should always be sought from a child and their parent(s) unless it is not safe to do so. This includes where seeking consent would:

- Place the child at increased risk of significant harm.
- Place any other at risk of injury.
- Obstruct or interfere with any potential Police investigation.
- Lead to unjustified delay in making enquiries about significant harm.

If a parent or child does not consent to information being shared, the law does not prevent the sharing of information if sharing is necessary for the purpose of keeping a child safe and promoting their welfare. Therefore; staff must make parents and children aware that information may still be shared with other organisations if necessary to help keep their child safe or promote their welfare or if there is another legal basis to do so.

Decisions to share safeguarding information with other organisations will be overseen by the Designated Safeguarding Lead (please also refer to [Designated Safeguarding Lead Response](#)). The Designated Safeguarding Lead will keep detailed, accurate, secure written records of all concerns, discussions and decisions made including rationale for those decisions. This should include instances where referrals have or have not been made to another agency.

#### Transfer of child protection files and other safeguarding information

When a child leaves for a new education setting; the Designated Safeguarding Lead will arrange for the child protection file (and any additional information to help the new setting to help safeguard and promote the child's welfare) to be transferred to the new setting no later than within 5 working days of an in-term transfer or within 5 days from the start of the new term. Where the move is planned; the Designated Safeguarding Lead will consider sharing information in advance of the child leaving to help with the child's transition and to enable any help and support they may need. This is shared separately to any child's main file and confirmation of receipt of the files should be gained ([Appendix C: File Transfer Record and Receipt](#)).

If a child is absent from education or Electively Home Educated; we share relevant information with the Local Authority as required by law (please also see [Children potentially at greater risk of harm](#)). If the child leaves our setting and does not move to a new education setting; we transfer their child protection file (and any additional information as necessary) to the relevant Local Authority that they reside in line with the local protocol.

## Working in Partnership

As is outlined in our [Safeguarding Statement](#); and in order to ensure all children in our school are effectively safeguarded and their welfare is promoted; we will work in partnership with our children, their parents and other agencies/partnerships as follows:

### Children

Our children are [taught how to keep safe](#); including how and when to share or report to us any worries or concerns they may have about their safety and wellbeing or that of others. We encourage children to share and report worries and concerns by:

- speaking to any staff member;
- worry boxes;
- circle time;
- regular discussion opportunities within class;
- support/pastoral arrangements

Staff are expected to build trusted relationships with and work in the best interests of children in line with our [Safeguarding Statement](#); and recognise, respond and report [Staff Safeguarding Concerns](#).

We also actively seek children's views of safety in school through our school council representatives and our safeguarding board of children.

### Parents

We recognise the importance of working together with and supporting parents to safeguard and promote the welfare of their children. This includes:

- Communicating to parents how we keep children safe in our school (including online). This policy is made available to all parents online on our website and also within the school. If parents want to

raise concerns or complaints about how we keep their children safe; they can do this using our Complaints Policy which is available on our website. We also actively seek parent views of safety in school through our parent questionnaires twice a year. The Executive Headteacher and senior staff are regularly available at the start and end of the day for parents to speak with directly and raise concerns or worries.

- Encouraging parents to share and report worries and concerns about the safety and welfare of their child(ren) or any other children. We do this by being available at the beginning and end of the day as well as encouraging parents to contact us via either email or phone or face to face. Staff are expected to respond to any parents who raise worries or concerns to them either about their child(ren) or others in line with [Staff Safeguarding Concerns: Recognise, Respond, Report](#).
- The Designated Safeguarding Lead will ensure that we work with parents to offer and enable support for children and their families; taking action to safeguard and promote their welfare (see [Designated Safeguarding Lead Response](#)) in line with the local arrangements in the area that they live.
- Ensuring that parents are made aware of how to raise safeguarding concerns or criminal behaviour themselves to the Local Authority and/or Enforcement Agencies. We do this by offering regular parental workshops and sharing our policy on our school website.
- Providing parents with regular information, guidance and external support available to them by newsletters via our school website, parental workshops (eg for online safety) and signposting parents.

## Other agencies/partnerships

As we operate in Shropshire; we engage and co-operate with our local safeguarding arrangements. Our local safeguarding partnership is the [Shropshire Safeguarding Community Partnership \(SSCP\)](#). We engage and co-operate by:

- Ensuring we effectively safeguard and promote the welfare of children living in Shropshire in line with [Working together to safeguard children](#) and the Shropshire Safeguarding Community Partnership local criteria for action and assessment; as outlined in the [SSCP Threshold Document](#). Where children do not live in Shropshire but attend our school; we will work in line with the relevant local arrangements in their home area.
- Ensuring we work with other agencies and comply with other pieces of relevant statutory guidance in safeguarding [Children potentially at greater risk of harm](#).
- Supplying information and co-operating in multi-agency forum/meetings, audit or learning reviews as requested by the safeguarding partners.
- Working closely with Shropshire Council Learning and Skills Services and other Shropshire Council Services/partnerships to ensure we are providing high quality education and support to children in Shropshire.
- Participating in the local [Operation Encompass Protocol](#); an arrangement where police notify schools when a child who attends their school may have been subject or witness to police-attended incidents of domestic abuse. This enables us to provide appropriate emotional or practical support to a child/ren who may have been witness to and victim of domestic abuse. All new parents/carers are sent a letter informing them of our participation in Operation Encompass [School Operation Encompass – Shropshire Learning Gateway \(shropshirelg.net\)](#).

## Teaching our children how to keep safe.

We recognise that educating our children in how to keep themselves and others safe both online and in face-to-face situation plays a crucial role in safeguarding them. We have a clear set of values and standards that provide opportunities for children to learn how to keep themselves and others safe; that are demonstrated and reinforced throughout school life and underpinned through -

- [Safeguarding Statement](#)
- Behaviour/Anti-Bullying Policy (See school websites)
- [Preventing Radicalisation](#)

- Our approach to [Online Safety](#)
- Our Personal Social Health and Education and Computing curriculum and policies including our RHE /RSHE Policy (available on the school website). Our RSHE programme is developed to be fully inclusive of all ages and stages of development and consideration of children's needs including [Children potentially at greater risk of harm](#); and addresses issues as outlined Keeping Children Safe in Education 2024 Part 2, Opportunities to teach safeguarding

The DSL, RSHE lead and other key members of the Senior Leadership Team (such as computing, Mental Health and SENDCo) will work collaboratively to ensure that this is implemented; and being responsive to any safeguarding themes or patterns of concern that arise in school.

## Online Safety

The use of information and communication technology (ICT); is a vital part of the everyday functioning of and life in school. We also recognise the important role ICT plays in the lives of our children and their families.

Whilst there are many benefits and strengths in using ICT; there are also a number of risks to children's welfare and safety in school when using internet enabled technology; which are summarised in the following categories<sup>4</sup>:

- **content:** being exposed to illegal, inappropriate, or harmful content.
- **contact:** being subjected to harmful online interaction with other users.
- **conduct:** online behaviour that increases the likelihood of, or causes, harm to children or others.
- **commerce:** - illegal, inappropriate, or harmful online commercial activities that can compromise the health and wellbeing or security of children or others.

We adopt a whole school approach to online safety which aims to safeguard and educate our children and their families, staff, visitors and our school in our use and management of ICT (including the use of camera enabled; mobile and personal devices and the ICT systems we have in place). Our online safety policy outlines our approach

Our online safety and remote learning policies are available on our school website. It is being further reviewed this year and will be under consultation with parents and pupils over the Spring term 2025.

The use of mobile phones and other electronic devices such as computers, tablets, and game devices are commonplace. However, as a society, we are beginning to recognise that although these devices have brought great benefit, we also need to ensure that we help children to understand there are dangers and how to keep themselves safe. This includes:

- Keeping personal details secure
- Understanding that not all content is appropriate, truthful or legal
- What to do if they do accidentally access inappropriate or illegal content
- What to do if they are upset by something they receive
- What to do if they are going to physically meet someone they have met on-line

Appropriate use of mobile phones is essential at our schools.

---

<sup>4</sup> Examples of what could be included in the categories is further detailed in Keeping Children Safe in Education 2023 (Part 2; page 35-36)

<sup>1</sup> Outlined in [Working Together to Safeguard Children Chapter 1: Principles for working with parents and carers](#)

**Our governors recognise that staff may need to have access to mobile phones on site during the working day. However, there have been a number of queries raised within the local authority and nationally use of mobile phones and other devices in educational settings.**

**The concerns are regarding the mainly based around these issues:**

- Staff being distracted from their work with children**
- The use of mobile phones around children**
- The inappropriate use of mobile phones**

Practitioners can use/access their personal mobile phones (including smart watches) during their break times only and only within the school offices or staffroom when children are not present. During working hours, they must be kept out of the reach of children and parents in a secure area accessible only to staff. All staff are made aware of their duty to follow this procedure, and to challenge anyone not adhering to it. If staff fail to follow this guidance, disciplinary action will be taken in accordance to our school staff code of conduct. If staff need to make an emergency call, they must do so either in the main or Head of School's office. Staff must ensure that there is no inappropriate or illegal content on the device

Visitors to the setting (including parents/carers) must either hand in or switch off their mobile phones (for school performances, parents may use their video/recording for personal use only and never to publish on social media without the written permission of the Executive Headteacher).

Staff will use their professional judgement in emergency situations.

Staff may take mobile phones on trips, but they must only be used in emergencies and should not be used when pupils are present. Each school has a mobile phone which is to be used for contacting school or emergency contacts whilst off site.

Personal mobile devices will not be used to take images or videos of pupils or staff in any circumstances.

The sending of inappropriate messages or images from mobile devices is strictly prohibited.

Staff who do not adhere to this policy will face disciplinary action.

Important contact details of the children are accessible via the setting's mobile phone/ipads via internet password controlled encrypted website for use in case of an emergency

We believe that photographs validate children's experiences and achievements and are a valuable way of recording milestones in a child's life. Parental permission for the different ways in which we use photographs is gained as part of the initial registration at Bicton School. We take a mixture of photos that reflect the settings/environment, sometimes this will be when children are engrossed in an activity either on their own or with their peers. To safeguard children and adults and to maintain privacy, cameras are not to be used during intimate care situations by adults or children.

Bicton Nursery - To safeguard children and practitioners online, providers will find it helpful to refer to

[Safeguarding children and protecting professionals in early years settings: online safety considerations - GOV.UK \(www.gov.uk\)](http://www.gov.uk) and [Early Years practitioners: using cyber security to protect your settings - NCSC.GOV.UK](http://www.ncsc.gov.uk)

All adults whether teachers/practitioners or volunteers understand the difference between appropriate and inappropriate sharing of images. All images are kept securely in compliance with the General Data Protection Regulations (2018)

We buy into Shropshire Council anti-virus software filtering and monitoring through a contract with Shropshire Council IT specialists, we ensure safe access to the internet within school. The children are allowed supervised access to the internet for the purposes of their learning with controls set via the Local Authority filters. The children are taught to keep themselves safe on-line and what to do if they have a problem. Use of ipads and computers is controlled and monitored by staff see also [Professional development and support](#)), [filtering and monitoring](#) and [cyber security](#)

Through induction, staff, pupils, governors and volunteers are made aware of our 'acceptable use of technology' policy both at home and in the workplace. If any staff or volunteers breach this policy, then we will take disciplinary action which may result in a referral to the Disclosure and Barring Service.

### **IT Use;**

ICT technicians and the Computing co-ordinator will review and authorise any downloadable apps – no apps or programmes will be downloaded without express permission from an ICT technician or the Computing co-ordinator.

The school will adhere to the terms of the E-Safety Policy at all times.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy.

Where photographs and videos will involve LAC pupils, adopted pupils, or pupils for whom there are security concerns, the Executive Headteacher determine the steps involved.

The DSL will, in known cases of a pupil who is a LAC or who has been adopted, liaise with the pupil's social worker, carers or adoptive parents to assess the needs and risks associated with the pupil.

Staff will report any concerns about another staff member's use of mobile phones to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy and the Allegations of Abuse Against Staff Policy.

Where there are online safety concerns involving identified children (including child-on-child abuse); we will follow [Staff Safeguarding Concerns: Recognise, Respond, Report](#) and [Designated Safeguarding Lead Safeguarding Response](#).

Any school cyber security incidents will be reported to [Action Fraud \(National Fraud and Cyber Crime Reporting Centre\)](#) and, if there is a data breach this will be reported in line with our Data Protection Processes to the [Information Commissioners Office](#). Please also see [Record Keeping and Information Security](#).

Where children are being asked to learn online at home, we follow advice from the Department of Education; [Safeguarding and remote education](#). Our approach to remote learning is outlined in our Remote Learning Policy.

We review our online safety arrangements annually to ensure that we meet the Keeping Children Safe in Education 2024 and [Safeguarding children and protecting professionals in early years settings: online safety considerations](#) online safety standards (including the digital standards for [filtering and monitoring](#) and [cyber security](#)). Any risks arising from our reviews are clearly recorded as part of our school evaluation and improvement action planning processes. These are reported to and overseen by our Governing Body.

All Staff, senior leaders and Governors are appropriately trained (see [Professional Development and Supervision](#)) to enable them to ensure effective online safety arrangements. We will respond to online safety incidents which indicate safeguarding concerns in line with the [Staff Safeguarding Concerns: Recognise, Respond, Report](#) and [Designated Safeguarding Lead Response](#) sections of this policy.

## **Preventing Radicalisation**

The Prevent Duty for England and Wales (2015) under section 26 of the Counterterrorism and Security Act 2015; places a duty on schools and registered childcare providers to have due regard to the need to prevent people from being radicalised into terrorism.

We have a Preventing Radicalisation/Terrorism policy in which outlines how we fulfil this duty;

*We fulfil our duty by:*

- *Promoting fundamental British Values as part of our values and curriculum (refer to relevant policies).*

- *Ensure that we provide a “safe space” for children to understand and discuss sensitive topics, those linked to radicalisation and terrorism, and learn (according to their age and level of development) how to question and challenge these ideas in a politically balanced way.*
- *Be alert to and identify children who may be susceptible to extremist ideology and where it is assessed as appropriate by the Designated Safeguarding Lead; make a Prevent referral (in line with the local Preventing Terrorism Processes)*
- *Monitor and report any hate based behaviour as part of our Behaviour and Child-on-Child Abuse Policies (Hate related incident reporting processes can be found [here](#)).*
- *Outline in our Online Safety and Relationship Sex Health Education Policies (include any other curriculum subjects related policies) how children are being safeguarded from being drawn into terrorism (including visiting speakers) (please also refer to Teaching our children how to keep safe. )*
- *Ensure that hosting external speakers or visitors that attend our school premises are suitable and appropriately supervised (please also refer to Visitors).*
- *Assess the risk of our children being drawn into terrorism, ensuring this is informed by the potential risk in the local area. Any identified risks are referenced in our school evaluation processes; and inform our approach to online safety (including filtering and monitoring and cyber security arrangements).*

We regularly review our adherence to the Prevent Duty. Any actions arising from our assessment are included in our school evaluation and improvement action planning processes. These are reported to and overseen by our Governing Body.

All Staff, senior leaders and Governors are appropriately trained (see [Professional Development and Supervision](#)) to enable them to ensure that all children, particularly those who may be susceptible to extremist ideology and radicalisation are effectively safeguarded. We respond to children who are identified as being susceptible to an extremist ideology in line with the [Staff Safeguarding Concerns: Recognise, Respond, Report](#) and [Designated Safeguarding Lead Response](#) sections of this policy.

## **Children potentially at greater risk of harm**

We recognise that whilst all children should be protected, some groups of children, are potentially at risk of greater harm than others (both online and offline). The list below is not exhaustive but highlights some of those groups. Where a child falls into multiple groups above; this potentially further increases their vulnerability.

### **Children who need a social worker (Child in Need and Child Protection Plans).**

Children may need a social worker due to safeguarding or welfare needs. Children may need this help due to abuse and/or neglect and/or exploitation and /or complex family circumstances. A child’s experiences of adversity and/or trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour, and mental health.

We take a holistic approach to safeguarding all children in our care and recognise that different families need a different level of support at different times. To enable us to recognise at which level a family might require support; we use the Shropshire Safeguarding Community Partnership Multi-Agency Guidance on Threshold Criteria to help support Children, Young People and their Families in Shropshire: [The Shropshire Threshold Document](#).

[The DSL and relevant staff must familiarise themselves with the Threshold Document and should access relevant Shropshire Council Early Help training and support to enable them to understand the Thresholds Document and support the local multi-agency approach to early help assessment.](#)

This guidance identifies four levels of need to ensure all children receive the support and intervention they need to achieve a positive life experience. Of central importance in understanding where a child’s needs might lie on this continuum, is the cooperation and engagement of parents and carers and we aim to

develop good, professional relationships to ensure that we have a shared understanding of each child's needs.

It should be noted that if parents demonstrate a lack of co-operation or appreciation about the concerns we identify, this may raise the level of the need and required level of action.

Just because a child is assessed at a point in time as meeting certain threshold criteria does not mean that they always will. An assessment is an on-going process, not an event; children's needs often change over time.

The Designated Lead for Safeguarding will maintain an overview of all children with a plan to ensure children's needs are being met at the right level of intervention.

### Child in Need

Section 17 of the Children Act 1989 states that a child shall be considered in need if:

- They are unlikely to achieve, maintain or have the opportunity of achieving or maintaining a reasonable standard of health or development without the provision of services by a local authority.
- Their health and development is likely to be significantly impaired, or further impaired, without the provision of such services

and/or

- They are disabled.

Consent must be sought to access services and share information with others. Any information sharing between agencies without consent must be clear as to its legal basis.

Ensure privacy information is shared with the family and a consent form completed.

### Child Protection

Section 47 of the Children Act 1989 states that the authority shall make necessary enquiries to enable them to decide whether they should take action to safeguard or promote the child's welfare where there is reasonable cause to suspect a child is suffering or likely to suffer significant harm.

Where it is suspected that a child is suffering or likely to suffer significant harm; referring practitioners must inform parents or carers that they are making a referral to Compass, and seek consent unless to do so may:

- Place the child at increased risk of significant harm; or
- Place any other person at risk of injury; or
- Obstruct or interfere with any potential Police investigation; or
- Lead to unjustified delay in making enquiries about allegations of significant harm.

Guidance for assessment practice can be found on page 13 of the Shropshire Threshold document.

(Taken from: Shropshire Safeguarding Community Partnership Multi-agency Guidance on Threshold Criteria to help support Children, Young People and their Families in Shropshire 2021: [Threshold Document](#))

A copy of this policy is made available to all parents prior to their child joining our school/nursery as well as details of the complaints procedure— both on the school website and in hard copy, on request. In general, any concerns will be discussed with parents and we will offer support. All conversations, whatever the outcome, should be recorded appropriately to show that they took place, identify what was agreed and evaluate how effectively they enabled needs to be met. In this way quality conversations can demonstrate

their impact on successful practice, including improvements in decision making and joint working. Conversations should continue to inform the on-going planning and reviewing.

Practitioners working with families at a Universal, Early Help or Targeted or Child in Need level will need to obtain the consent of the family before any information is held or shared with other agencies. Any information sharing between agencies without consent must be clear as to its legal basis.

If the practitioner does not gain the family's consent and in future has ongoing concerns, they should refer to local tools and pathways available via [West Midlands Child Protection Procedures](#) and consider contacting Compass for advice and guidance. Except for child protection matters, referrals to Compass cannot be accepted without parents having been consulted first.

Consent is not required for child protection referrals where it is suspected that a child may be suffering or be at risk of suffering significant harm; however, the referring practitioner, would need to inform parents or carers that they are making a referral, unless to do so may:

- Place the child at increased risk of Significant Harm; or
- Place any other person at risk of injury; or
- Obstruct or interfere with any potential Police investigation; or
- Lead to unjustified delay in making enquiries about allegations of significant harm.

The child's interest must be the overriding consideration in making such decisions. Decisions should be recorded. If consent is withheld by the parent:

- If it is felt that the child's needs can be met through Early Help, then discussion with the family should take place about the completion of a Whole Family Assessment and provision of services through an Early Help Plan. Early help consultations are available from the Early Help Advisors for support in managing these situations.
- For another agency familiar with the child and family to make the approach about information sharing to the family.
- No Whole Family Assessment should take place. Other specific local tools and pathways available via [West Midlands Child Protection Procedures](#) should be used where there are concerns about possible harm to the child. The rationale for this decision will be recorded on the concerns form.
- The combination of the concerns and the refusal to consent to enquiries being made may result in the concerns being defined as child protection concerns. In this case, information sharing may proceed without parental consent. The consultation and the decision to proceed without consent must be clearly recorded on the case file.

**If a child has been injured or is in imminent danger of being injured then we will contact the emergency services, medical or police, immediately on 999.**

When making a level 4 referral to Compass we will ensure we have a record of all details required detailed on a [Shropshire Multi-Agency Referral Form](#)

Our schools work with other agencies including statutory safeguarding partners to support vulnerable children and have regular contact with social care and social workers. For example, this may be by holding regular meetings in school, taking part in partnership forums/events, or accessing multi-agency training. We also offer to facilitate meetings for individual children and families in school/setting to support easier local access and involvement by children, parents and or carers.

## Looked After Children and previously looked after children.

The most common reason for children becoming looked after is as a result of abuse and/or neglect; as well as/or other significant complexities or adversity in their and their family's life.

At Bicton School, we ensure that appropriate staff members have access to the information they need in relation to a child's looked after legal status, contact and care arrangements. Bicton School has an appointed designated teacher who works with the local authority to promote the educational achievement of registered pupils who are looked after in line with [Statutory guidance - Designated teacher for looked-after and previously looked-after children](#)

## Children who attend Alternative provision

The cohort of pupils in Alternative Provision often have complex needs, and we are aware of the additional risk of harm that children accessing alternative provision may be vulnerable to. Where we place a child with an alternative provision provider, we continue to be responsible for their safety and welfare and should be satisfied that the provider can meet the needs of the child. We do this by checking their safeguarding policies and procedures (as per the checklist in Appendix A) as well as holding meetings to ensure we have clear learning targets agreed which are regularly reviewed with parents/carers and the alternative provision. We obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff. See [Appendix A: Alternative Provision Quality Assurance Checklist](#) and [Alternative Provision statutory guidance](#). We also **monitor attendance and application of appropriate attendance codes in line with** [Working together to improve school attendance](#)

## Children who are absent from or are not in receipt of full-time education

All children aged 5-16 are legally entitled to a full-time education, suitable to any special education need. Education is essential for children's progress, wellbeing and wider development and being in school is a protective factor against wider harms, including exploitation.

Children being absent from education for prolonged periods and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect (including [Educational Neglect](#)) or child exploitation; as well as other needs. Our response to persistently absent pupils and children who are absent from education supports identifying such abuse, and in the case of absent pupils, helps prevent the risk of them becoming a child missing education in the future.

Pupils who are missing education will be monitored closely by senior leaders and with involvement of the education access team from the Local Authority. Where children are at risk of abuse or neglect or where the school has concerns, home visits may be undertaken, meetings held with parents/carers and reviews held with the Local Authority or other professionals who may help to work with parents/carers. Action plans will be put in place to support improved attendance and reduce risk. Staff will notify senior management if a pupil is not in school by 10am if there are any concerns for that pupil for example, if there has been no notification from parents. Parents are involved in the process at all points where possible but this will not detract from action being taken if contact cannot be gained. Referrals to early help or social care will be made in line with our child protections guidelines threshold documents.

We refer to and use Statutory Guidance on [Children missing education](#) to ensure we comply with our duties regarding children missing education. This includes notifying the Local Authority in line with the [Shropshire Council Children missing education](#) process when removing a child from the school roll at standard and non-standard transition points.

We have policies in place; that are in line with associated statutory guidance and [Shropshire Council Education Access Service Local Processes](#) including:

- Attendance Policy
- Children with health needs who cannot attend school

- Early years attendance guidance [Early Years and Schools Safeguarding Policies and Guidance | Shropshire Learning Gateway \(shropshirelg.net\)](#)

### **Children who are Electively Home Educated.**

Many home educated children have an overwhelmingly positive learning experience. We would expect the parents' decision to home educate to be made with their child's best education at the heart of the decision. However, this is not the case for all, and home education can mean some children are less visible to the services that are there to keep them safe and supported in line with their needs. When a parent notifies us that they wish to deregister their child to electively home educated them, we will immediately notify the local authority.

Where a parent/carer has expressed their intention to remove a child from school with a view to educating at home, the Executive Headteacher or senior member of staff will endeavour to meet with the parent/carer to establish reasons for this change and ensure the full procedure and process is followed in line with the [DfE Elective home education guidance](#) and Shropshire Council [Elective home education](#) processes and protocols. The school will work with the LA and other key professionals to coordinate a meeting with parents/carers to ensure that they have considered what is in the best interests of each child. This is particularly important where a child has special educational needs or disability, and/or has a social worker and/or otherwise vulnerable.

### **Children who have experienced multiple suspensions and are at risk or, or have been permanently excluded**

It is important that children in our school know and understand how we expect them to behave and we ensure that our school is a safe place where all children feel safe and are able to learn. Serious, harmful and/or repeated behaviour by children will always be responded to. Such behaviour can be a sign or indicator that a child has an unmet need or could indicate that they are at risk of or are experiencing/have experienced abuse or neglect or some other form of adverse experience<sup>5</sup> in their life.

Our Behaviour Policy outlines the expected standards of behaviour for our children; as well as how the school will support and respond to children with additional needs (including Special Educational Needs and Disabilities), or whose needs or circumstances might affect their behaviour. Where a child's behaviour also indicates a safeguarding concern; staff will adhere to [Staff Safeguarding Concerns: Recognise, Respond, Report](#).

### **Children requiring Mental Health Support**

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Children who have mental health needs will often need early help or support to avoid their safety and welfare being compromised.

We have a senior mental health lead who is a member of/ supported by the senior leadership team. Regular training and updates are attended by the mental health leads and this is disseminated to staff and pupils. Regular updates either via the website or workshops are provided to parents to share key mental health messages. Where issues are identified, early referral and support is made either at early help level or escalated to specialist services following pastoral work in school. We have specialist trained staff who work with children on reducing anxieties and building resilience. We also have trained ELSA (Emotional Literacy Support Staff) who work with individual children. Where referrals are needed, these are prompt and escalated to the relevant supporting service as per [Promoting and supporting mental health and wellbeing in schools and colleges - GOV.UK \(www.gov.uk\)](#)

---

<sup>5</sup> See [Understanding trauma and adversity | Resources | YoungMinds](#) for further information.

## Children with Special Education Needs Disabilities or other health issues.

Children with special educational needs or disabilities (SEND) or certain medical or physical health conditions can face additional safeguarding challenges both online and offline.

We recognise that additional barriers can exist when recognising abuse and neglect in this group of children (e.g. assumptions that indicators of possible abuse such as behaviour, mood and injury, relate to the child's impairment without further exploration).

Our SENDCo (SEND co-ordinator) supports pupils with SEND or certain medical or physical health conditions – full details are in our SEND policy and our SEND information report. We have highly trained specialist staff in school to support and safeguard our pupils with SEND or health issues in line with the [SEND code of practice](#) and [The SEND local offer | Shropshire Council](#) and [Education for children with health needs who cannot attend school – \(this also links to the children missing education procedures\)](#)

## Children who may be perceived or may be lesbian, gay, bisexual or gender questioning<sup>6</sup>

The fact that a child or a young person may be lesbian, gay, bisexual or gender questioning is not in itself an inherent risk factor for harm. However, children in these groups can sometimes be targeted by other children. In some cases, a child who is perceived by other children to be lesbian, gay, bisexual or gender questioning (whether they are or not) can be just as vulnerable as children who identify as such.

Our curriculum is designed to celebrate everyone as individuals. We have a culture across the schools in the federation where children can share any concerns or worries with staff, There is a strong pastoral support amongst all staff which ensures that children and staff are well supported. Any targeting within school would be challenged. Our staff have received training on LGBTQ+ vulnerabilities and will teach /support children in line with the expectations in the [Equality Act 2010: advice for schools.](#) Pupils are expected to look after each other and speak with an adult if they are worried about each other or themselves. They know that staff will take action. See section on Child on Child abuse.

Senior leaders are also expected to be familiar with key terms and findings from [Final Report – Cass Review \(2024\).](#)

## Child-on-Child Abuse

As set out in our [Safeguarding Statement](#); we will not tolerate the abuse of children. This includes where children abuse other children (child-on-child abuse) or use words or actions which downplay or could (if not responded to) lead to abuse.

We want to ensure that no child-on-child abuse takes place in our school. However, we understand that we cannot just rely on children telling us that they are experiencing abuse from other children. Staff should understand that even if there are no reports in school, this does not mean child-on-child abuse is not happening. Staff will be made aware of the signs and indicators of child-on-child abuse as part of their [Professional Development and Supervision](#); which do not just rely upon children telling someone. Staff are expected to follow our [Appendix B: Child-on-Child Abuse Procedures](#)

The school monitors patterns of child-on-child incidents including those involving abuse, to ensure that we are aware of and able to minimise and respond to any emerging themes or patterns of behaviours. This helps us to continue to prevent, identify and respond to child-on-child abuse as outlined at the beginning of this section. This monitoring and our responses to it are reported to and overseen by our Governing Body.

---

<sup>6</sup> Gender questioning is the term used in line with Keeping Children Safe in Education 2024: Part 2: Children potentially at greater risk of harm. It describes children and young people who are in the process of understanding their gender identity ([Cass Review: 2024:19](#))

# Staff Safeguarding Concerns: Recognise, Respond, Report

## Recognise

### Be alert and curious!

Pay attention to possible **signs or indicators** of abuse from the child or others either from your own observation or what the child/others tell you:

Appearance

Behaviour

Communication.

**Do not just rely on a child telling you** (there are lots of reasons why they won't)

Any child in any family could become a victim of [abuse](#). Abuse and safeguarding issues are complex; and can often involve a child experiencing multiple issues or types of abuse.

Staff should always maintain the attitude that abuse “could happen here”. Staff should be particularly alert to [Children potentially at greater risk of harm](#) and vigilant in identifying the signs and indicators which could indicate a concern that a child is being or could be at risk of abuse.

As well as maintaining their [Professional development and accessing support](#); staff can remind themselves of the signs and indicators of abuse and safeguarding issues by referring to: [Keeping Children Safe in Education 2024](#): Part 1 and Annex B. and [SSCP - Contacts and Definitions](#).

**Signs and indicators** of concern may be evident in spaces and places where children spend time (including when online). They may be present in the child or others around them (including adults or children); in their:

- Appearance
- Behaviour
- Communication

Signs and indicators can be recognised by staff through:

**Concerns shared directly by a child:** Staff *must not rely* on children telling them they are experiencing abuse. Children may not recognise; feel ready; know how to or be able to communicate concerns or worries. Staff must therefore act in accordance with our [Safeguarding Statement](#); [work in partnership](#) and use [professional curiosity](#) and skills in developing trusted and supportive relationships in their everyday work with children.

**Observations:** In person or online (including online behaviour in school) of a child or someone else (for example a parent, someone working or visiting the school).

**Concerns shared by others:** either verbally or in written communications. This could be parents; other children; other staff members or other adults who may be working in or with the school or individual children.

**Other systems we have in place:** For example online filtering and monitoring or information from other agencies through [working in partnership](#) etc.

There will be occasions where there are signs and indicators of concern but not enough evidence to indicate that the child is at risk of or experiencing abuse. Signs and indicators could be present for a variety of reasons as well as abuse (for example other family circumstances; health or learning needs); and may act as an early sign for the need for early help and support. In such circumstances; staff are still expected to respond in line with this policy.

## Respond

Ensure the immediate safety of the child potentially at risk. If there is **immediate danger**; take action as necessary to protect the child, others and yourself (including contacting emergency services on 999 and [refer child protection concerns](#))

Apply other relevant policies/procedures (e.g. behaviour; first aid; attendance, staff code of conduct and/or [Appendix B: Child-on-Child Abuse Procedures](#) as applicable).

Seek views/gather relevant information (if safe to do so).

**Remember:** Listen (don't investigate), reassure (don't promise) and explain you will be reporting the concerns.

### Immediate safety

If a child is in **immediate danger**; staff must take individual action as necessary to keep the child, others, and themselves safe. They must:

- Contact emergency services if someone is in immediate danger (999).
- If necessary; refer child protection concerns themselves (follow [Multi-agency Referral: Reporting concerns \(MARF\)](#) )
- Work in line with our Behaviour Policy and [Use of reasonable force in schools](#) guidance.
- Report any allegations of harm by adults in a position of trust or unsafe practices in school in line with the [Ensuring safe staff](#).

### Other relevant policies/processes

Staff may need to follow other school safeguarding policies/processes (see [Linked Policies](#)) as applicable along with responding in line with this policy. All staff will immediately consider how best to support and protect the child and any other children who may be at risk or involved; ensuring they act in their best interests. Where there are concerns of child-on-child abuse; [Appendix B: Child-on-Child Abuse Procedures](#) should be referred to.

### Injuries

We request parents notify us of any accidents or injuries to their child before attending school. We will make a written record of the notification along with any injuries the child may have. Should a child receive any injuries during school time; staff will follow our accident reporting and first aid procedures. We use body maps to record information about significant physical injuries to a child as part of our safeguarding concern [reporting](#) processes.

### Seek views and gather information from the child and others.

Where safeguarding concerns are identified; staff should (where it is safe to do so) always seek the views of and directly from:

- Children (where appropriate and depending on the circumstances and their role with children);
- any other people involved in school (only on a need-to-inform/know basis for the purposes of gathering information for the purposes of safeguarding: see [Record Keeping and Information Security](#))
- Their parents (if necessary and depending on the circumstances and their role).

Any uncertainty about seeking views should be discussed with the Designated Safeguarding Lead.

Seeking views from the child/parents means asking them what they think using open questions (What? How? etc) and if they want any help or support. Staff should listen, reassure, and explain that concerns will

be reported. Staff should avoid making assumptions, judgments or investigating. Please also refer to [When concerns are directly shared by a child](#).

Views should always be sought unless it is not safe to do so. This includes where seeking views would:

- Place the child at increased risk of significant harm.
- Place any other at risk of injury.
- Obstruct or interfere with any potential Police investigation.
- Lead to unjustified delay in making enquiries about significant harm.

If needs for help and support are identified; parents and children should always be asked for their consent to share information with other organisations so that help and support can be provided to them. If consent is not given; staff should follow guidance in the [Recording Keeping and Information Security: Sharing safeguarding information with others](#) section.

Any uncertainty about seeking views should be discussed with the Designated Safeguarding Lead. Decisions to share safeguarding concerns with other organisations without consent will be [reported to](#) and overseen by the Designated Safeguarding Lead.

If a child is non-verbal or not able to explain their views themselves due to their age, level of development or needs; then staff should pay attention to how the child may be expressing their views and feelings through their behaviour and use communication tools to help the child share their views (for example, Makaton, ELSA, Lego therapy).

#### When concerns are directly shared by a child

Children are more likely to share their experiences and feelings with someone they know and feel comfortable talking to.

When children share the details of or feelings about abuse; the process of sharing can sometimes take time. Children may not share in full or give staff (and sometimes not the same staff member) pieces of information over time. When they do share, this may not always be verbally or directly; but the child may share in the Appearance, Behaviour or other forms of communication (see [Recognise](#) section).

It takes a lot of courage for a child to share that they feel unsafe or are experiencing abuse. There are many reasons why children do not share their experiences (for example, uncertainty, shame, experiences of discrimination, fear, denial or a lack of understanding or ability to recognise and explain their experience).

When children are sharing their concerns; staff should:

- **Listen to the child.** Please refer to this [NSPCC poster](#).
- **Remain calm:** the child may stop sharing if they feel the staff member is upset or shocked by what the child is telling them.
- **Explain it can't be a secret.** Staff must explain to the child that what they share has to be passed on and to who so that you can help them. Think about when to do this to make sure the child feels safe and can continue to trust you and other staff.
- **Reassure** and offer comfort to the child (physical touch should not be automatically offered as comfort); recognise their feelings and their courage in sharing their experience. Never deny or minimise what the child is telling you or reprimand them if they decide not to share or for not telling you before.
- **[Seek the child's views](#):** use questions or communication tools that help the child to share from their own point of view. Gather information: do not investigate or assume what is happening to the child.
- **Explain** what will happen next. If you don't know everything that is going to be done, tell the child that you will make sure that they are kept informed.
- **Report and record** the conversation immediately as outlined in the [Reporting concerns](#) section.
- **Seek support** (from the Executive Headteacher or your supervising line manager) if you feel distressed

## Report

**Report in person** to the Designated Safeguarding Lead as soon as possible.

**Record** your concerns, decisions, actions and outcomes on the safeguarding recording system.

**If concerned about a member of staff or someone else in the school;** report in line with [Ensuring safe staff](#).

### Report to Designated Safeguarding Lead

All safeguarding concerns must be Reported to the Designated Safeguarding Lead as soon as they are recognised and after the initial response to the child and others. Staff are expected to verbally report their concerns to the Designated Safeguarding Lead.

Where concerns involve an allegation of harm or a low-level concern about someone working in or at the school; staff must follow [Ensuring safe staff](#).

### Record concerns

All safeguarding concerns must be recorded by the staff member in writing onto the CPOMS electronic system. Any paper records taken also need to be scanned onto the system and handed to the DSL. If the system is not available then the [Appendix D: Safeguarding Concern Reporting Form](#) should be used to record concerns and a phone call made to the DSL with the information. Body maps are available on CPOMS and should be used to record physical injuries to a child where they form part of the evidence of the concern; staff will record information about the physical injuries observed on a Body Map. (Body Maps are also available as part of the [Compass Multi-Agency Referral Form](#) or the Child Protection Body Map [in the West midlands Physical Abuse Procedures](#)).

Each safeguarding concern record should include:

- a clear and comprehensive summary of the concern.
- details of how the concern was followed up and resolved.
- any action taken, decisions reached and the outcome.

If staff are unsure of the recording requirements staff should seek advice from the Designated Safeguarding Lead.

## Designated Safeguarding Lead Response

Safeguarding concerns can be [raised by staff](#) as above; but may also be raised to the Designated Safeguarding Lead by:

- Children, parents, or visitors to the school.
- Other agencies (see [Working in Partnership](#))
- The school's ICT filtering and monitoring systems.

The Designated Safeguarding Lead will:

### **Consider and assess the concern.**

Review the information reported; gather any further information as necessary; including conducting a risk and needs assessment if necessary. The Designated Safeguarding Lead will use and refer to the following:

- [Working Together to Safeguard Children 2023 \(particularly Chapters 1 and 3\)](#)
- [Keeping Children Safe in Education 2024](#)
- [SSCP Threshold Document](#)

- Other [relevant local tools and pathways](#) (West Midlands Procedures)
- If applicable [Appendix B: Child-on-Child Abuse Procedures](#)
- If applicable [Understanding and identifying radicalisation risk in your education setting](#)
- Any other concerns already logged for the child
- [When to Call the Police Guidance for Schools](#)

## Decide on what action to take.

Once the concern has been considered and assessed; the Designated Safeguarding Lead will decide on action(s) to be taken. They may wish to delegate actions to other members of staff; in the best interests of the child. The DDSL will assist the Executive Headteacher with decisions to [Ensuring safe staff](#) in school.

In making decisions; the Designated Safeguarding Lead will work in partnership with relevant staff/senior leadership team in line with their [Roles and Responsibilities](#) and any other organisations as appropriate (see [Working in Partnership](#) and [Record Keeping and Information Security](#)).

Actions could include one or more of the below:

- **Manage internally:** in alignment with school policies and processes including offering support to the child and their family through the school pastoral support (Universal/School Early Help) offer in a way which addresses the needs/risks identified. This may also include actions to make locations/infrastructure in school (including online) safer; adapt the curriculum to ensure we are [Teaching our children how to keep safe.](#) ; or [Working in Partnership](#) .
- **Offer Early Help/Targeted Early Help.** This could include offering and/or referring the child or their family enhanced or specialist support services to address the needs/risks identified in line with the [SSCP Thresholds document](#) and locally available provision. Any referrals for support will require parental consent and will take account of children's wishes and feelings.
- **Raise concerns to Children's Social Care** in line with the [SSCP Thresholds document](#) and [relevant local tools and pathways](#).
- **Report to the Police.** If there are any concerns that a crime (including online) may have been committed by someone against or involving a child; concerns will be reported to the Police.

Where there is possible criminal behaviour by a child (including in circumstances of child-on-child abuse); we will take account of [When to call the police: guidance for schools and colleges](#).

Other local referral processes will also be followed as applicable: including referring to relevant multi-agency forums and processes as outlined in [relevant local tools and pathways](#) (e.g. to [Prevent Radicalisation](#); ensure [Online Safety](#); respond to domestic abuse: [Multi-Agency Risk Assessment Conference](#)).

## Record actions, decisions, and outcomes.

On the child protection file and in line with [Record Keeping and Information Security](#) . This will include assessments and discussions (including meeting notes/minutes) of discussions and meetings with staff or others (see [Working in Partnership](#)). The Designated Safeguarding Lead will keep detailed, accurate, written records of all concerns, discussions and decisions made including the rationale for those decisions. This should include instances where referrals were or were not made to another agency.

## Manage and oversee any ongoing response.

Once the initial actions are taken; the Designated Safeguarding Lead will decide whether there is an ongoing need to actively monitor or manage the safeguarding needs of a child. Where this is decided; they will ensure that the school [works in partnership](#) with the child; parents, and any other involved agencies. This may include taking further actions (as outlined above) where concerns escalate.

The [SSCP Escalation/Resolution of Professional Disagreements Policy](#) will be used to challenge, resolve and if necessary escalate any concerns the school may have when working with other agencies in safeguarding children.

## Appendix A: Alternative Provision Quality Assurance Checklist

Alternative Provision Quality Assurance Checklist			
Name of alternative provision:			
Name of person completing checklist (from host school):			
All agencies and settings who place pupils at alternative provision MUST quality assure the placement. This quality assurance document must be completed prior to working with a new alternative provision and <b>annually</b> thereafter.			
		On file/ evidence of check	Date & Initial
1	If this quality assurance check is a review, please confirm the date of previous assurance check.		
2	Is the alternative provision registered as an independent school with the DfE? Y/N The criteria to be registered as an independent school is that; - full-time <sup>1</sup> education is provided for five or more pupils of compulsory school age Or -full-time education is provided for one or more pupils with an EHC plan or who is “looked after” by a local authority  1 - There is no legal definition of what constitutes ‘full-time’ education. However, DfE would consider an institution to be providing full-time education if it is intended to provide, or does provide, all, or substantially all, of a child’s education.		
3	What is the provider’s DfE number? (If applicable)		
4	Copy of signed Service Level Agreement (SLA) /contract (attached)		
5	Is there a clear governance structure within the Alternative provision? Y/N		
6	Does the referral process include the requirement for a detailed pupil profile from the host school prior to agreement of placement? Y/N		
7	Pupil’s attendance should be monitored daily. Is this included in the SLA? Y/N Copy of providers Attendance policy attached.		
8	Is there a procedure for when pupils fail to attend or the placement breaks down? Y/N		
9	Is there adequate access to resources for all pupils who access the provision? Y/N		
10	Is there inclusive practice with regards to positive behaviour management, attendance and punctuality? Y/N - Pro-actively promote and support the regular attendance of pupils - Effective reward/incentive strategies to promote participation		

11	Is there regular assessment and review of pupil progress? Y/N Provision agree to share weekly progress reports		
12	Are risk assessments completed for activities that pupils may undertake? Y/N (copy attached)		
13	Is there a full and clear pupil induction procedure regarding health and safety and fire evacuation? Y/N		
14	Are there robust procedures in place (including information sharing that are referenced in the SLA) to safeguard children in line with KEEPING CHILDREN SAFE IN EDUCATION? Y/N Copy of providers Safeguarding/Child protection policy attached.		
15	Has evidence of staff receiving accredited child protection training been seen? Y/N Has evidence of DSL receiving training for their role been seen? Y/N Have contact details for DSL been provided? Y/N (attached).		
16	Copy of public liability insurance document attached.		
17	Is there a policy for when members of staff are working alone with pupils? Y/N (copy attached)		
18	Does the provider have an online safety policy in line with KEEPING CHILDREN SAFE IN EDUCATION? Y/N (copy attached)		
19	Copy of health and safety policy attached.		
20	Has written confirmation from the provider that staff vetting checks have been undertaken been received? Y/N Checks include; <ul style="list-style-type: none"> <li>• an identity check;</li> <li>• a barred list check;</li> <li>• an enhanced DBS check/certificate;</li> <li>• a prohibition from teaching check;</li> <li>• further checks on people who have lived or worked outside the UK</li> <li>• a check of professional qualifications, where required; and</li> <li>• a check to establish the person's right to work in the United Kingdom.</li> </ul> Has confirmation of these checks been added to the Single Central Record?		
21	Is there a Designated First Aid Officer and suitable equipment available? Y/N <ul style="list-style-type: none"> <li>- Qualified First Aiders identified</li> <li>- Recording system for accidents including informing host school and home</li> <li>- Historical or current RIDDOR investigations</li> <li>- Evidence of full first aid kit</li> </ul>		
22	Has confirmation been received from the provider that a representative will attend or contribute to multi-agency meetings when necessary? Y/N		

## Action Plan

If 'no' is answered to any of the questions in Part 2 an action plan must be formulated to obtain information

Action reference number.	Area for improvement	Intended action

Signed by host school:

Signed by Alternative Provision:

Date:

## Appendix B: Child-on-Child Abuse Procedures

Refer to [Harmful Sexual Behaviour in School Resources | SWGfL](#). DSL and Deputy DSL will also ensure that they are familiar with [Addressing child-on-child abuse: a resource for schools and colleges \(farrer.co.uk\)](#)

We aim to prevent, identify, and respond to child-on-child abuse at the earliest opportunity by:

- Expecting all staff and Governors in our school to ensure they are adhering to and promoting the commitments we make in our [Safeguarding Statement](#).
- Ensuring staff are aware of and respond to signs and indicators of child-on-child abuse. This includes ensuring that our Designated Safeguarding Lead and other relevant staff have completed training in how to assess and respond to child-on-child abuse. For further detail; please refer to [Professional Development and Support](#).
- Being clear how we expect our children to behave towards one another. Our Behaviour Policy outlines these expectations; how the school will support our children to understand and fulfil them; and how we will prevent and respond to behaviour which falls below our expected standards (including all forms of bullying also refer to our Anti-Bullying Policy). Where behaviour also indicates child-on-child abuse; staff will adhere to the processes outlined in this section.
- Ensuring we are [Teaching our children how to keep safe](#).
- Making sure that children who experience or are at risk of experiencing abuse from other children are identified, feel supported and safeguarded from further harm.
- Making sure that children who have caused or are identified as being at risk of being abusive in their behaviour towards other children are identified, supported and safeguarded from engaging in further harmful behaviour.
- Making sure that we are taking positive action to ensure that [Children who are more vulnerable to child-on-child abuse](#) are not disproportionately impacted by child-on-child abuse in our school.

### What is child-on-child abuse?

Child-on-child abuse:

- Is when a child or group of children inflicts harm or fails to act to prevent harm to another child.
- Actions that cause harm can be a single serious incident or a pattern of incidents.
- Harm caused to a child can be physical, emotional and/or psychological; and can include witnessing the ill treatment of others.
- Can happen both inside and outside of school; at home or someone else's home; in public spaces and online. In the school context; we know that child-on-child abuse can take place in spaces and at times of the school day where children are less likely to be supervised. We also know that where child-on-child abuse is taking place outside of school (including online) this abuse can also continue and have an impact on a child when they are at school.
- Can be defined in different ways (examples are outlined in Keeping Children Safe in Education 2024: Part 1; Child-on-child abuse and Part 5).
- A child may experience one or multiple types of child-on-child abuse at the same time.

### Children who are more vulnerable to child-on-child abuse

Please read this alongside [Children potentially at greater risk of harm](#).

Children who are perceived to be different to others can be particularly vulnerable to child-on-child abuse. When children are abused by other children; there is more often than not a misuse of power or privilege by the child(ren) causing harm. This can have a significant impact on the emotional development and mental wellbeing of the child who is being harmed; and lead them to feel isolated, unsafe, and traumatised.

Children who harm others may have additional or complex needs. Harmful behaviour by children can also be a sign or indicator that a child has an unmet need or could indicate that they themselves are at risk of or

are experiencing/have experienced abuse or neglect or some other form of adverse experience<sup>7</sup> in their life. Children who harm other children may have power or privilege over a child(ren) they are causing harm to but can also be powerless or vulnerable in other part of their lives.

Child-on-child abuse is harmful to all children involved.

Evidence<sup>8</sup> indicates that children from particular groups are more vulnerable to child-on-child abuse. This includes children who:

- Have special education needs and/or disabilities and/or health issues.
- Have already been and/or are experiencing abuse or some other kind of adversity or trauma. This includes children who are looked after or who have a social worker due to safeguarding concerns.
- Are eligible for free school meals. Socio economic inequality can increase incidents of bullying.
- Are from Black, Asian and/or other minoritized ethnic communities (including travelling communities and children for whom English is an additional Language). These children are more likely to be the target of hate-related behaviour/crime. They are less likely to be identified as children who are being harmed and more likely to be over identified as children who are a risk of causing harm. This is known as adultification bias<sup>9</sup>.
- Identify as Lesbian Gay, Bi-Sexual; Gender Questioning. These children are more likely to be the target of bullying and/or hate-related behaviour/crime and harmful sexual behaviour and abuse.
- Are female. Girls are more vulnerable to harmful sexual behaviour and abuse in intimate personal relationships.
- Are male. Boys and are more vulnerable to experiencing bullying; particularly that which is physical in nature (including being forced to carry out initiation or other acts which humiliate or degrade: known as hazing).

Where a child has several differences and would fall into multiple groups above; this further increases their vulnerability.

## When is child-on-child behaviour considered abusive?

We recognise the importance of distinguishing between behaviour that is developmentally appropriate, problematic, or harmful. Harmful behaviour is abusive. It can also (but not always) include physical abuse.

In considering whether behaviour is abusive; staff should consider:

- **The impact on the child(ren) affected by the behaviour:** Any behaviour that is likely to have an impact on a child's physical and emotional health and development should be considered potentially harmful. The greater the impact of the behaviour on the child's health and development; the greater level of harm caused to them.

The needs and circumstances of the child who is identified as being potentially harmed should always be considered. This should also include ensuring that their wishes and feelings are sought and recognised in considering the impact upon them.

Even where children do not/are not able to express their wishes and feelings; staff should also pay attention to other potential signs/indicators of abuse (please refer further to [Staff Safeguarding Concerns: Recognise, Respond, Report](#))

---

<sup>7</sup> See [Understanding trauma and adversity | Resources | YoungMinds](#) for further information.

<sup>8</sup> Evidence sources:

- Keeping Children Safe in Education 2023; Part 2: Children potentially at greater risk of harm.
- [Prevalence of bullying \(anti-bullyingalliance.org.uk\)](#).
- [Safeguarding d/Deaf and disabled children | NSPCC Learning](#);
- [Safeguarding children from Black, Asian and minoritised ethnic communities | NSPCC Learning](#);
- [Safeguarding LGBTQ+ children and young people | NSPCC Learning](#);
- [Spotlight #3: Young people and domestic abuse | Safelives](#).
- [Addressing child-on-child abuse: a resource for schools and colleges \(farrer.co.uk\)](#)

<sup>9</sup> [Adultification bias within child protection and safeguarding \(justiceinspectorates.gov.uk\)](#)

Children raising child-on-child concerns either for themselves or others will be taken seriously and never be given an impression they are creating a problem.

- **The behaviour of the child(ren) who is/are causing harm:** It is important to consider the behaviour of children on a continuum; taking account of their age and level of development; as well as any other needs or circumstances that may influence their behaviour (for example a child who is causing harm to other children could be an indication that they have unmet needs; or may be a sign or indicator that they are experiencing abuse, or are experiencing some other adverse experience which is having an impact upon them).

Features of abusive behaviour<sup>10</sup> can include:

- A pattern of similar behaviour (this can include lower-level problematic behaviours that have occurred over time that have begun to increase in frequency or seriousness)
- A misuse of power over the child who is being harmed. (please also see children who are more vulnerable above).
- Victimisation of the child who is being harmed. This could also include circumstances where the child causing harm is supported or joined by other children.
- Intrusive behaviour; not considering or enabling the child being harmed to freely agree and/or consent to the behaviour.
- An element of control; coercion and/or force.
- Physical/sexual violence (this does not always have to be present; but where it is so would heighten the level of concern).
- Evidence that a child is actively seeking, planning or getting enjoyment or pleasure from causing harm would also heighten concern.

## Our response to child-on-child abuse

In most instances, we will use our Behaviour policy to manage the conduct of children towards each other. However, where behaviour is considered abusive or indicates safeguarding concerns; then staff will also need to raise such concerns to the Designated Safeguarding Lead in line with the [Staff Safeguarding Concerns: Recognise, Respond, Report](#) section.

In responding to any concern of child-on-child abuse; we will take account of:

- Part 5 Keeping Children Safe in Education 2023.
- [Use of reasonable force in schools](#)
- [Searching, screening and confiscation at school](#)
- [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#)
- [When to call the police: guidance for schools and colleges.](#)

### Risk and needs assessment.

All staff will immediately consider how best to support and protect **all children involved** in child-on-child abuse incidents; ensuring they act in their best interests.

We may deem it necessary to complete a formally recorded risk and needs assessment for all children involved in child-on-child abuse incidents. The decision to complete a formal risk assessment will be taken by the Designated Safeguarding Lead. This formal assessment will always take place where there is evidence of [violent or abusive behaviour](#).

---

<sup>10</sup> Adapted from Hackett Continuum as described in [Understanding sexualised behaviour in children | NSPCC Learning](#). When drawing on Hackett's continuum, in order to assess the seriousness of other (i.e. non Harmful Sexual Behaviour) alleged behaviour, it should be borne in mind that there are some aspects of Hackett's continuum which may not of course be relevant or appropriate to consider (see [Farrer and Co \(2022\) page 35-36](#))

The purpose of the risk and needs assessment is to safeguard **all children involved** (including children who may not be at the school, such as siblings) and will clearly outline the strategies to be put in place to mitigate risk and address any identified needs.

The risk and needs assessment will be completed; taking account of information from all key staff (and relevant involved professionals) working with the children, as well as their parents/carers. It will also include the views and feelings of the children; where this is safe and appropriate to do so.

The risk assessment will be shared with all staff and relevant involved professionals who work with the children; as well as parents and carers. It will respond to any changes in behaviour and will be regularly updated and evaluated to assess impact.

In circumstances where children are displaying sexual behaviour towards other children that raises concern; our Designated Safeguarding Lead is trained in and will use the Brook Traffic Light Tool to inform the risk and needs assessment.

Our template risk and needs assessment can be found [Harmful Sexual Behaviour in School Resources | SWGfL; Helping education settings identify and respond to concerns - CSA Centre](#)

### Response

The parents/carers of **all involved children** will be notified of and involved in our response. We will only share the details of other children to parents/carers who do not have parental responsibility for them where we have consent to do so or where a decision has been taken to share to enable them to effectively safeguard their child (please also refer to [Record Keeping and Information Security](#))

The risk and needs assessment will inform the response taken. The following responses will be considered; (more than one response can be considered):

- **Manage internally** in alignment with our Behaviour Policy and pastoral support offer in a way which addresses the needs/risks identified. Any sanctions imposed on the child causing harm will be proportionately balanced with any other responses (such as police involvement) and take account of risks and needs; as well as the ongoing impact on/risk to the child who has been harmed or others. This may also include actions to make locations/school infrastructure (including online) safer; adapt our curriculum to ensure we are [Teaching our children how to keep safe.](#); or [Working in Partnership.](#)
- **Offer Early Help/Targeted Early Help.** This could include offering and/or referring **any child involved** to enhanced or specialist support services to address the needs/risks identified in line with the [SSCP Thresholds document](#) and locally available provision. Any referrals for support will require parental consent and will take account of children's wishes and feelings.
- **Raise concerns to Children's Social Care** in line with the [SSCP Thresholds document.](#)
- **Report to the Police.** We will take account of [When to call the police: guidance for schools and colleges.](#)

### Recording and monitoring

All child-on-child abuse concerns and responses will be recorded and stored on the child protection files of all involved children (Please refer to [Record Keeping and Information Security](#)). Child-on-child incidents that do not indicate abuse or raise safeguarding concerns are recorded in line with our Behaviour Policy on *CPOMS*.

## Appendix C: File Transfer Record and Receipt

## Appendix D: Safeguarding Concern Reporting Form

	<b>Bicton CE Primary School</b>  <b>CONCERN REPORTING FORM</b>	
---	--	---

Logging a concern about a child's safety or welfare – should be completed directly onto CPOMS – only use this form if CPOMS is unavailable.

Part 1 – For staff use.

<b>Child Name:</b>			
<b>Date of birth:</b>		<b>Year Group / class:</b>	
<b>Name of referrer:</b>		<b>Role of referrer:</b>	
<b>Details of concern:</b>  <i>What are you worried about? Who? What (if recording a verbal disclosure by a child use their words)? Where? When (date and time of incident)? Any witnesses?</i>  <i>What is the pupil's account/perspective?</i>	(Also complete body map if injuries are reported; Available in <a href="#">the West midlands Physical Abuse Procedures</a> )		
<b>Reported to:</b>		<b>Role of person reported to:</b>	
<b>Signed:</b>			
<b>Date:</b>			

Part 2: For DSL/Deputy DSL to complete.

<b>Action taken:</b>		<b>Advice sought:</b>  <i>(From whom and what was advice given)</i>	
<b>Has the concern / referral been discussed with parent / carer?</b> If yes note discussion		<b><i>If not, state reasons why</i></b>	
<b>Referral made:</b> <i>Record names of individuals/agencies who have given information regarding outcome of any referral (if made).          If making a safeguarding referral to Compass, follow up with a <u>Compass Multi-Agency Referral Form</u></i>		<b><i>If not, state rationale and reasons why</i></b>	
<b>Feedback to referring member of staff:</b>			<b><i>By whom</i></b>
<b>Response to / action taken with pupil:</b>			<b><i>By whom</i></b>
<b>Other notes / information:</b> <i>When making a referral about an acute specialist need/child protection follow up with a MARF</i>  <b>Any other action required:</b>			
<b>Signature of DSL</b>		<b><i>Date</i></b>	

## Fundamental British Values in the Early Years

Democracy: making decisions together

As part of the focus on self-confidence and self-awareness as cited in Personal, Social and Emotional Development:

- Managers and staff can encourage children to see their role in the bigger picture, encouraging children to know their views count, value each other's views and values and talk about their feelings, for example when they do or do not need help. When appropriate demonstrate democracy in action, for example, children sharing views on what the theme of their role play area could be with a show of hands.
- Staff can support the decisions that children make and provide activities that involve turn taking, sharing and collaboration. Children should be given opportunities to develop enquiring minds in an atmosphere where questions are valued.

Rule of law: understanding rules matter as cited in Personal Social and Emotional development

As part of the focus on managing feelings and behaviour:

- Staff can ensure that children understand their own and others' behaviour and its consequences and learn to distinguish right from wrong.
- Staff can collaborate with children to create the rules and the codes of behaviour, for example, to agree the rules about tidying up and ensure that all children understand rules apply to everyone.

Individual liberty: freedom for all

As part of the focus on self-confidence & self-awareness and people & communities as cited in Personal Social and Emotional development and Understanding the World:

- Children should develop a positive sense of themselves. Staff can provide opportunities for children to develop their self-knowledge, self-esteem and increase their confidence in their own abilities, for example through allowing children to take risks on an obstacle course, mixing colours, talking about their experiences and learning.
- Staff should encourage a range of experiences that allow children to explore the language of feelings and responsibility, reflect on their differences and understand we are free to have different opinions, for example in a small group discuss what they feel about transferring into Reception Class.

Mutual respect and tolerance: treat others as you want to be treated

As part of the focus on people & communities, managing feelings & behaviour and making relationships as cited in Personal Social and Emotional development and Understanding the World:

- Managers and leaders should create an ethos of inclusivity and tolerance where views, faiths, cultures and races are valued, and children are engaged with the wider community.
- Children should acquire a tolerance and appreciation of and respect for their own and other cultures; know about similarities and differences between themselves and others and among families, faiths, communities, cultures and traditions and share and discuss practices, celebrations and experiences.

Staff should encourage and explain the importance of tolerant behaviours such as sharing and respecting other's opinions.

Staff should promote diverse attitudes and challenge stereotypes, for example, sharing stories that reflect and value the diversity of children's experiences and providing resources and activities that challenge gender, cultural and racial stereotyping.

A minimum approach, for example having notices on the walls or multi-faith books on the shelves will fall short of 'actively promoting'.

It is NOT acceptable to:

- actively promote intolerance of other faiths, cultures and races
- fail to challenge gender stereotypes and routinely segregate girls and boys
- isolate children from their wider community
- fail to challenge behaviours (whether of staff, children or parents) that are not in line with the fundamental British values of democracy, rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs

Applicable to early years settings only – Bicton Nursery

### **Serious injuries, accidents and illnesses**

The setting must tell Ofsted about any of the following in relation to serious injuries, accidents and illnesses:

- the death of a child
- anything that requires resuscitation
- admittance to hospital for more than 24 hours
- a broken bone or fracture
- dislocation of any major joint, such as the shoulder, knee, hip or elbow
- any loss of consciousness
- severe breathing difficulties, including asphyxia
- anything leading to hypothermia or heat-induced illness
- any confirmed cases of coronavirus (COVID-19) in staff or children

### **Minor injuries**

The setting does not need to tell Ofsted about minor injuries, even if treated at a hospital (for less than 24 hours). These include:

- animal and insect bites, such as a bee sting that doesn't cause an allergic reaction
- sprains, strains and bruising, for example if a child sprains their wrist tripping over their shoelaces
- cuts and grazes
- minor burns and scalds
- dislocation of minor joints, such as a finger or toe
- wound infections

### **Eyes**

The setting must report to Ofsted if a child suffers any loss of sight, whether it is temporary or permanent. You must also tell us about any:

- penetrating injury to the child's eye
- chemical or hot metal burn to the child's eye

### **Substances and electricity**

If a child in our care suffers any injury from, or requires medical treatment for, any of the following situations we must tell Ofsted:

- from absorption of any substance:
  - by inhalation
  - by ingestion
  - through the skin

- from an electric shock or electrical burn
- where there is reason to believe it resulted from exposure to:
  - a harmful substance
  - a biological agent
  - a toxin
  - an infected material

The setting must fulfil our legal requirements and submit the online report to Ofsted as soon as reasonably practicable, but no later than 14 days by completing the on-line reporting process at <https://www.gov.uk/guidance/report-a-serious-childcare-incident>
